Fundraiser 6 – August 1 Payment

- Summer Camps

**The free gym space in the summer as well as parents looking for summer camp options, allows this fundraiser to be not only a huge success, but a great following builder! By advertising to teachers at the school and with local organization, you can get enough young players there to make it a ton of fun! With little to no cost to you, this is a great way to keep the team united in the summer and get people involved with the team!

Fundraiser 7 – September 1 Payment

- Discount Cards

** Getting local businesses to support a Back to School Discount card! Each business can run a special that gives customers a percentage off. Each player can sell 25 cards at \$10 for a \$7 profit on each card.

Fundraiser 8 – October 1 Payment

- T-Shirt Sale

** This is best to be the first team to sell when back in school! Each player can be made aware of how many they have to sell in order to pay for their trip! Many local companies will give a great rate if they can advertise on the shirts! Best is to make a profit of \$7 per shirt and have to sell 25 to reach goal of \$150.

Need help setting one of these up?

We would love to assist you in drawing up the logistics!

Keep in mind that another great way to jump-start the fundraising is by having the

parents make a \$200 deposit! This gets their support and helps get the ball rolling!

The goal is for them to get that money back when their player over fundraises!
